←] Logout

You can access the **price lists** and **image download** via the **dashboard**.

Under **user account** you can add or change data, including your **password**, for example.

In the **image download area**, we offer a quick and easy way to download large quantities of **profile images** and **profile accessory images** in packages so that you can use them in your media.

## The prerequisite for this is a one-off written authorisation and activation. The image rights contract is available directly from us on request by telephone or e-mail.

Once you have completed the registration process and signed and returned the **image rights agreement** to us, you can download and use **various types of images in print quality,** including product images in 2D and 3D, installation pictograms, cross-sectional drawings and more.

Profile	Profile	~ )	Mit diesem Too Download anfr
krtikelnummern Bitte geben Sie kommaseparierte Artikelnummern ein, z.B.: 123456	Profile Zubehör	ern ein, z.B.: 123456,7891011,131415,	Profile oder Zu gebündelten D
Produktbilder Piktogramme Querschnittsskizze 20 20 24,5 weichender Empfänger	A During and the second	t diesem Tool können Sie Bilder für bis zu 500 Artikel wnload anfragen. Geben Sie einfach die Artikelnum ofile oder Zubehör-Artikel ein und Sie erhalten eine f bündelten Download aller Bilder, sobald dieser bere	gleichzeitig zum mern der benötigten E-Mail mit dem Link zur it liegt.

In the **download area**, you can first of all use the drop-down menu to select whether you want to download **profile pictures** or **download accessory images**.

# For technical reasons, profile and accessory EDP/article numbers cannot be mixed. Furthermore, only the images/graphics of the articles that can be found on the platform (= catalogue items) are available for download.

Below the input field for the EDP/article numbers, you can tick the type of images you would like to download - you can also tick **several image types at the same time**. If you hold your mouse over these fields, an example image will be displayed for each type of image.

Now you can enter or copy a **maximum of 500 comma-separated Küberit EDP/article numbers** (<u>without</u> spaces) into the corresponding field. The process can be repeated for more than 500 EDP/article numbers with the next 500. Incorrect EDP article numbers are displayed as such.

Example: 32609025,32609035,32609045,32609055,32609065,32609095,.....

After the download request, a ZIP file with the desired images is created fully automatically -Depending on the number of EDP/article numbers entered, this may take a while. **The download link to the created ZIP file will be sent to you automatically by e-mail after completion of the packing process.** 

<b>Hello!</b> Der Download lieg Regards, Your Küberit Tean	gt zum Abruf bereit. <mark>Dateien her</mark> u n	interladen <sup>4</sup>

Once you have successfully downloaded the ZIP file and unzipped it on your computer, you will find the corresponding images/graphics in the folder, named according to the **respective EDP/article numbers**.

- product images: xxxxxxx\_variant\_image / xxxxxxx\_variant\_image\_free (with/without background)
- install pictograms:
- cross section sketch: xxxxxxx\_cross\_section\_sketch

xxxxxxx\_pictogram\_sketch

• 3D graphic: xxxxxxx\_graphic\_sketch

Product images and installation pictograms are available in high-resolution pixel formats (jpeg/png), cross-section sketches and 3D graphics in the loss-free vector format eps. If you also require the latter in jpeg format, you can convert them on the following website:

https://convertio.co/en/eps-jpg/

If you have any difficulties using our product platform or if image files are missing from the download area, you can contact us via our trained office and field staff or by e-mail at
